

Using Internet Explorer with the Gray's Inn Online Scholarship Application System

If you are using the system in Internet Explorer 9 or above please ensure you disable compatibility view before starting an application.

To do this, please follow these instructions:

The Honourable Society of Gray's Inn

Online Scholarship Applications

[Previously registered ?](#)

Set up new Login Account

Email Address:

Surname:

Forename:

Password: (Minimum 7 characters)

Confirm Password:

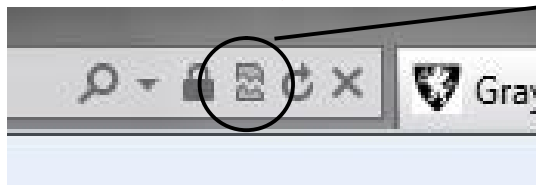

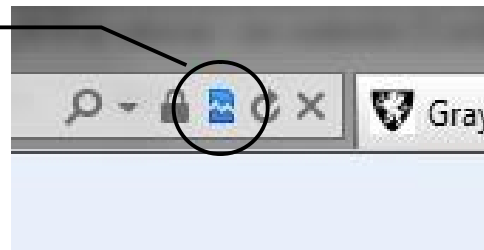

Enter all of the details above - we will then send an e-mail to the address you enter asking you to validate the account before you can log in.

IMPORTANT NOTICE
Please note that candidates may apply for a scholarship/award to one Inn only. Multiple applications are not allowed, and the Inns circulate one another with a list of applicants for all scholarships and awards. Successful applicants must have joined that Inn and no other if the money is to be paid.

ANY STUDENT WHO MAKES A MULTIPLE APPLICATION TO THIS AND ANY OTHER INN, OR WHO JOINS ANOTHER INN, WILL NOT BE ENTITLED TO THE GRANT OF A SCHOLARSHIP OR AWARD FROM THIS INN. PLEASE NOTE THAT THIS RULE APPLIES TO ALL FOUR INNS.

When this symbol is permanently blue as shown here this means that compatibility view is ON. This must be disabled to access the system using Internet Explorer 9 or above.

To disable compatibility view simply click the icon. It should then turn grey (unless the cursor is directly above it) indicating it has been turned off.

This now indicates that compatibility view has been disabled. You are now free to start an application on the online system.
